University Report 2010-2015 NAAC Seven Criteria

CRITERION I

CURRICULAR ASPECTS

CRITERION I

CURRICULAR ASPECTS

1.1.1. How is the institutional vision and mission reflected in the academic programmes of the University?

- The vision and mission of the University is reflected by the courses themselves impregnated with Indian Traditional Knowledge, Veda, Dharma, Darshan, Sanskriti and Indian Languages.
- The University has been established to preserve the Indian Tradition and to undertake interpretation of Shastras and Darshanas apart from establishing their relevance to the problems in the modern context.
- To achieve these objectives, five departments(2010), twelve departments (2014) have been established for higher learning and research in the specialized branches of knowledge. All Post Graduate Departments have provisions for Research for the degree of M.Phil. and Ph.D. The departments also impart practical knowledge for in depth studies and research methodology in their respective subjects.

1.1.2. Does the University follow a systematic process in the design and development of the curriculum? If yes, give details of the process (need assessment, feedback, etc.).

- Yes, the University does follow a systematic process in the design and development of the curriculum.
- The curriculum is designed and developed at stipulated intervals in the meetings of Board of Studies of each subject on the basis of the formal feedback taken from the stakeholder viz., Faculties/Students.
- The interaction of the Faculty with various departments, institutions and the invited external experts contribute to the design and development of curriculum.
- The University Act (XXXIII of 1997) provides for constitution of Board of Studies with outside expert members for each Faculty/department. The Boards of Studies have been empowered to review and formulate advanced courses/syllabi and to suggest ways and means of promoting advance studies and research and providing adequate facilities for carrying out high quality, functional research. These recommendations are placed before the Faculty for its consideration and the suggestions if

any of the Faculty are placed before the Academic Council for its approval.

- Annual meetings of the Board of Studies are being convened to have proper feedback from the stakeholders. The Board of Studies has been empowered to review the current status of research and to critically examine the progress thereof. As per the mandate, the Boards of Studies have been developing the curriculum, major thrust area for research, priority areas of research in the department etc. based on the ongoing research in the field / subject.

1.1.3. How are the following aspects ensured through curriculum design and development?

Employability

Employability is created -

- a) By incorporating need based contents in the curriculum as for example consultancy in Vastu, Jyotish, Yoga etc., keeping in view the value based society, morality and employability of students in various departments and institutions.
- b) By keeping in view the syllabus of Civil Services Examinations and national level tests, the University has introduced project work /field visits in every curriculum.
- c) By establishing the relevance of Shastras in the modern context, the University departments provide training to the students to cope up with the challenges of the society.
 - Students are engaged in higher studies and have career opportunities in the area of teaching and research.
 - Since 2011, the University has introduced Diploma and Certificate courses in subjects like Jyotish, Vastu, Yoga etc., providing ample opportunities to the students in practicing as instructor or as private professionals.

Innovation

- The designed courses are innovatively prepared and modified without making any compromises with the value and relevance of the courses. This is done by regular updating of curriculum in the light of the latest developments in the subject. These practices also help incorporating

newer ideas with innovative modes of teachings and information. These proceedings also help the students to get latest information in their fields, which is useful for them to seek admission in institutes of higher education for further studies.

- The cognitive modes of teaching help students to develop and translate their knowledge into market feasible technologies promoting entrepreneurship.
- With the development and introduction of ICT and regular periodic interaction with scholars of repute.
- There are innovative ideas developed by these departments as in the area of Sahitya and practical knowledge of Jyotish with the help of Planetarium.

Research

- Dissertation/Project work is a part of curriculum at PG level.
- As per the UGC guidelines, the University has introduced Research Methodology Program of six months duration for the students registered as Ph.D. scholars.
- One and half year M.Phil. Programme has also been introduced in all the departments.
- The Ph.D. Cell caters to the need of the research scholars and ensures the implementation of the provisions of the UGC Regulations, 2009.

1.1.4. To what extent does the University use the guidelines of the regulatory bodies for developing and/or restructuring the curricula? Has the University been instrumental in leading any curricular reform which has created a national impact?

- The University follows, wherever applicable, the guidelines of UGC and NCTE issued from time to time.
- The University followed the annual pattern initially, switched on to the semester and CBCS pattern gradually.
- The University framed and introduced courses in Civil Services, Yoga, Vedanga Jyotish and Hospitality Studies at UG level and Yoga, Vedanga Jyotish and other subjects at PG and research levels.
- The University has been imparting instructions in the traditional Sanskrit lore with special attention to the highly specialized branches, providing means of livelihood for Sanskrit teachers.

- The University conducts research in pedagogical aspects of the Sanskrit education and provides facilities for the study of such languages and literatures of India having a bearing on the Sanskrit studies. Apart from prescribing syllabus for various courses with special emphasis on Indian culture and values it conducts examinations in Sanskrit and allied disciplines.

1.1.5. Does the University interact with industry, research bodies and the civil society in the curriculum revision process? If so, how has the University benefitted through interactions with the stakeholders?

- The University being a Language Institution, interaction with industries is seldom feasible.
- However, scholars of repute are invited in the Board of Studies for workshops and seminars and after due interaction with them, the curriculum gets revised.
- Members of the Faculties have been providing consultancy services in the area of Jyotish and Vastu to the stake holders and periodically organizing workshops, seminar and conferences to have feedback which enable them to review and revise the curriculum.
- Research bodies like UGC, ICCR, and National Manuscript Mission (NMM) etc. provide grant to conduct research and programs.

1.1.6. Give details of how the University facilitates the introduction of new programmes of studies in its affiliated colleges.

- The University is a State University authorized to affiliate any college in the Maharashtra State. Thus, there are 33 affiliated colleges.
- All the new programmes are facilitated by workshops, orientation programmes for administrative staff.

1.1.7. Does the University encourage its colleges to provide additional skill oriented programmes relevant to regional needs? Cite instances (not applicable for unitary universities).

- Digital India –Skill Development Program,
- Add-on courses
- Periodical meetings for guidance etc.

2.1.8 Were any programmes discontinued / staggered by the University in the last four years? If yes please specify the reasons.

- The Bachelor of Yoga, Naturopathy and Dietetics (BYND) course has been reframed as DYND keeping in view of the local needs.
- The same course was kept open for some time but no student applied for it.

2.2 Catering to Student Diversity**2.2.1 Does the University organize orientation / induction programme for freshers? If yes, give details such as the duration, issues covered, experts involved and mechanism for using the feedback in subsequent years.**

Yes.

- The course co-ordinators conduct orientation programmes for UG Students. The Heads of Departments conduct orientation programmes for PG Programmes and the Librarian conducts regular orientation programs for PG and research students about the resources of the library. Besides, general orientation is also given about the facilities available to students.

- The University has a Career Guidance and Counseling Cell and the Cell is organizing Orientation programmes for the students selected to various programmes in the University. Every Department in the University also conducts orientation programmes for the freshers. The induction or orientation programmes were for one or two days duration.
 - The University Central Library gives orientation to all the newly admitted students of all departments and programmes. The newly admitted research scholars are given specific training on the availability and accessing the online resources.
 - Students are also given necessary support and guidance in arranging their hostel accommodations, student concession for travel, identity card, and applications for the scholarships and so on.
- i) University organized **7 days induction programme** in P.G. Dept. of Sanskrit to help the new Sahitya students.
 - ii) University organized **7 days induction programme** in P.G. Dept. of Vedang Jyotish to help the new Jyotishya students.
 - ii) University also organized '**Sanskrit Sambhashan Varga**' at the beginning of every academic year to help new students understand the nuances of Sanskrit.

2.2.2 Does the University have a mechanism through which the "differential requirements of the student population" are analysed after admission and before the commencement of classes? If so, how are the key issues identified and addressed?

- After the admissions are completed, differential requirement of students is assessed by each department. After evaluating the performance of the students in the initial classes, the teachers categorize the students into advanced learners, average learners and slow learners.
- While the advanced learners are encouraged to take up more challenging assignments especially through Avishkar and Research, the average students and slow learners are provided with extra classes and tutorial.
- Remedial coaching is arranged for the average and slow students.
- For physically challenged students, the department provides necessary support and special attention to cater to their special needs.

- The economically disadvantaged students are advised to go for the scholarship facilities or bank loans.
- Facility of paying fees in instalments is also provided for economically disadvantaged students with special permission of the V.C.

2.2.3 Does the University offer bridge /remedial/add-on courses? If yes, how are they structured into the time table? Give details of the courses offered, department-wise/ Faculty-wise?

S.No	Mode	Department	Program
1	Add-on Course	Sanskrit Bhasha tatha Sahitya	Diploma in Sanskrit Agama
2	Add-on Course	Bharatiya Darshan	Diploma in Yoga
3	Add-on Course	Vedang Jyotish	Diploma in Vastu
4	Bridge Course	Shikashan Shastra	Certificate in Sanskrit Setu
5.	Add-on Course	Sankirna Vidya	Diploma in Manuscriptology and Paleography
6	Add-on Course	Granthalaya Vartashastra	Diploma in Library and Information Science

2.2.4 Has the University conducted any study on the academic growth of students from disadvantaged sections of society, economically disadvantaged, physically handicapped, slow learners, etc.? If yes, what are the main findings?

In this regard no systematic study has been conducted as the number of such admitted students is low. However; the University gets general information and trends of the academic growth of students from the following categories from the interactions with them during their programme period and also after their programmes.

- Disadvantaged sections of society: Facilities provided.
- Economically underprivileged: Scholarships are provided.
- Physically handicapped: Physical help is provided as needed.
- Slow learners: Remedial coaching is provided.

The faculty members are in regular contact with them and track their career engagements in the future. The major observations found out from these qualitative systems of analysis are the following.

- a. The number of students from the economically and culturally disadvantaged sections of the community is significant in the University since it is located in rural settings and following all the government regulations and reservations.
- b. The students from the disadvantaged sections need special attention and support from the teachers and University administration in academic and administrative aspects they are provided guidance from IQAC.
- c. These students need to get more motivational and academic inputs since they are not aware of and sophisticated in tapping the resources and facilities.
- d. They need more career information and supports in making their life more meaningful.
- e. The students from these backgrounds need more support and inputs in making their language proficiency improved.
- f. The students need more remedial teaching and learning facilities to overcome their learning difficulties.
- g. They need better soft skill trainings to make their communication, interaction, confidence and other personality qualities significant.
- h. These students need extra support and care to make them equally competent with other students from the mainstream. Subject teachers guide the slow learners through counselling and extra classes. Keeping in view the above situation, personal guidance is provided to them by the teachers of concerned departments.

2.2.5 How does the University identify and respond to the learning needs of Advanced learners?

- The advanced learners are identified through continuous internal evaluation. They are provided with advanced knowledge books in the library.
- The departments used to give competitive challenges to those gifted students through opportunities in the seminars, workshops and they are motivated to go for special achievements in the form of own productions

in their respective fields like publications, media presentations, exhibitions, and so on.

- The students are encouraged to participate in research events like Avishkar.
- The gifted students are also engaged in the teaching learning activities by giving extra responsibility to mentor the weaker students in the class.
 - i) For Advanced Learners, University promotes such students in 'Aavishkar' the State Level Research festival and National Student Talent Festival, organised by Rashtriya Sanskrit Vidyapeeth, Tirupati.
 - ii) NET/ SET Coaching classes are organized.
 - iii) Selected books are provided for further learning.
 - iv) Interactions with Scholars in the field are arranged through special lectures.
 - v) The teachers interact regularly with these students and give the benefit of their expertise out of stipulated lectures.

2.3 Teaching-Learning Process

2.3.1 How does the University plan and organize the teaching, learning and evaluation schedules (Academic calendar, teaching plan, evaluation blue print, etc.)?

- i) The University carefully plans the annual Academic Calendar before the commencement of the academic year itself approved by the Academic Council.
- ii) The annual academic calendar contains all the essential information regarding the academic activities along with the tentative dates of beginning of the classes, dates for examinations, dates for applying for examinations etc.
- iii) Department wise Academic Calendar is prepared.
- iv) Department wise Activity Calendar is prepared.

2.3.2 Does the University provide course outlines and course schedules prior to the commencement of the academic session? If yes, how is the effectiveness of the process ensured?

- The course outlines and course schedules are provided prior to the commencement of the academic session through prospectus and syllabus made available manually and through website.
- The students also are provided with a detailed introduction on the course contents, modules in presentation, nature of input systems, evaluations, and grading system and so on before the conduct of the courses by orientation program.
- It ensures time-bound plan of teaching to facilitate students - calendar with various other activities.

2.3.3 Does the University face any challenges in completing the curriculum within the stipulated time frame and calendar? If yes, elaborate on the challenges encountered and the institutional measures to overcome these.

The University has real challenge in completing the curriculum within the stipulated time frame.

- The major challenges are the unexpected holidays due to various reasons.
- The extracurricular activities also have made some challenges to the timely completion of the curriculum.
- Whenever the departments had some difficulty in the process they had arranged extra classes on holidays and had made alternative arrangements for completing the curriculum.

2.3.4 How is learning made student-centric? Give a list of participatory learning activities adopted by the Faculty that contributes to holistic development and improved student learning, besides facilitating life-long learning and knowledge management.

The University promotes student centered learning process throughout the implementation of all programmes such as:

- Class tests

2.6. Student Performance and Learning Outcomes

2.6.1 Has the University articulated its Graduate Attributes? If so, how does it facilitate and monitor its implementation and outcome?

- The skills, qualities and attributes are explained in the vision, mission and objective statements of the University.
- The attributes are further made tangible through the specific statements as the programme objectives and course outcomes.
- These perspectives on the graduate attributes are made realized through the meticulous implementation of the curriculum and reviewing them in regular intervals.
- Sanskrit education is fundamentally a value based education and all the programmes and courses are designed keeping in view the great attributes that Sanskrit education can build in its students.
- Sanskrit Education inculcates humane qualities in the graduates, builds their character and transforms them into responsible citizens of India.
- It contributes to Student development and progress.
- The education that the Graduates receive at the University enables them to become teachers, educators, linguists, translators and excel in all those fields related to humanities and languages.

2.6.2 Does the University have clearly stated learning outcomes for its academic programs? If yes, give details on how the students and staff are made aware of these?

- The Board of Studies, while formulating the programs of study, clearly notes the learning outcomes in its objectives of each program.
- The learning outcomes are judged through the objectives of each course articulated through the syllabus copy. Both the students and teachers are made aware of this through:
 - i) Awareness- Internal Assessment schedule through work-shops.
 - ii) Dissertation guidance workshops
 - iii) The Purva Siddhata Exams as Prelims.
 - iv) An analysis of results of Semester Examinations.

- These objectives of the courses as well as the programmes offered in the University syllabus are publicized in the website and prospectus.
- The students and teachers do detailed analysis on these objectives before the course and programme is started.

2.6.3 How are the University's teaching, learning and assessment strategies structured to facilitate the achievement of the intended learning outcomes? Teaching and Learning Strategies;

- Teaching and Learning strategies are centered around class room time table, implementation of curriculum, fruitful transaction of contents of syllabus between the teachers and students.
- Applying the theoretical knowledge in practice.

Assessment Strategies:

- To facilitate achievement of the intended learning outcomes, the University has introduced Semester Pattern evaluation, Internal Assessment, seminars, Internship, group discussions etc. in proportionate ratio of the curriculum as per the guide lines of UGC and NCTE.
- The University has stipulated specific standards and grades for the assessment of the students with regard to every course and programme.
- The students are given specific instructions timely and occasionally to make their responsibilities fulfilled.
- Regular departmental meetings are conducted and through these meetings the teachers are asked to ensure the progress of attaining the outcomes achieved. The levels of completion of the syllabus, availability of reading materials, additional supplementations required for the students, teachers are assessed, and modifications are made accordingly.

2.6.4 How does the University collect and analyze data on student learning outcomes and use it to overcome the barriers to learning?

- The examination department under the supervision of the Vice-Chancellor consolidates the final grade sheets and brings out the statistics before publication of the results. The results will then be authenticated by the University authorities for publication.
- The University publishes the results in the University website and further forwards the copies to the Departments for publishing in the notice boards for the information of the students.

- The success rate of students in the current and previous years will be discussed.
- The University collects and analyses the data of learning outcomes in the form of feedback through Alumni, through personal interactions and through placements.
- Remedial measures suggested will be implemented by the University.
- The class tests, special teaching, extra classes are conducted by the faculties.
- If they find any student facing barriers with respect to learning, they provide special teaching to such student.

2.6.5 What are the new technologies deployed by the University in enhancing student learning and evaluation and how does it seek to meet fresh/future challenges?

- Video Conferencing technique at Ramtek and Nagpur campus for lectures and conferences, use of LCD projector, telescope and mini planetarium are used by learners for better outcome.
- Laptops are provided to the Departments
- Computers and Internet Facility provided for Teachers and Students enhance the quality and speed of the work.
- A-view Software is provided.
- MoU with MKCL for enrolment, admission and examination related work.
- Sanskrit is being used as the *lingua franca* in the campus of the University as the faculty members are from different states of India.

CRITERION III

**RESEARCH, CONSULTANCY AND
EXTENSION**

CRITERION III

RESEARCH, CONSULTANCY AND EXTENSION

3.1 Promotion of Research

3.1.1 Does the University have a Research Committee to monitor and address issues related to research? If yes, what is its composition? Mention a few recommendations which have been implemented and their impact.

- Yes, each Faculty of the University has a Doctoral Research Committee (DRC)
- **Composition of Doctoral Research Committee (DRC)**
 - I. Chairman
 - II. BOS Member nominated by VC
 - III. Two Subject experts
 - IV. Reservation Category nominee (Nominated by VC)

Recommendations

- After implementation of the UGC Regulations 2009 **Ph.D. Entrance Test (PET)** is conducted by the University
- Six monthly **course work** for registered Ph.D. Students has been introduced.
- The Students seeking admission to the doctoral programme are required to present before the Research Committee of the concern subject/discipline along with title of the research topic and proposed guide.
- The committee tests the aptitude and depth of the knowledge regarding selected topic of the researcher and his/her writing skills.
- After an overall assessment of the student, the committee advises and helps the researcher in selecting the problems of his/her research. This helps to promote the quality of research at topic selection level itself and it also helps researcher to select novel and emerging research topic.
- DRC also motivates the Faculty to undertake research projects.
- In six months course work for Ph.D. students, a continuous evaluation process is adopted which enables the researcher to do the work efficiently.
- Before submission of the final thesis a pre-submission seminar is conducted by the head of the Department. The pre-submission seminar is open to all. These efforts will work as an effective check against mal practices and Plagiarism.
- It is mandatory for the research students to prepare **summary in Sanskrit** in about 10% of the number of pages of his/her thesis and attach it in the beginning of the thesis.
- The viva-voce and open defense of the thesis of research student is organized by the Ph.D. Cell of the University.

Impact:

- The Students are getting equipped with latest research methodologies.
- There is significant improvement in research quality.
- In Pre-submission seminar/presentation valuable suggestions are made by the experts and others which are incorporated by the student in his/her thesis.
- Faculty members of University participate in various National/International Seminar/Conferences and get latest knowledge of research in their respective fields.
- Various National Seminars / Conferences are organized by the University for the Faculty and research scholars to make them get the latest trends in research in their subject.
- Pre-submission viva prepares the students for the final viva.
- Ten percent summary in Sanskrit enables the students acquire skills in Sanskrit writing.

3.1.2 What is the policy of the University to promote research in its affiliated /constituent colleges?

All the affiliated colleges are **permanently un-aided and temporarily affiliated**. Since they don't get any financial aid from any agency including the University, they focus only on regular teaching.

However, the University has granted recognition to one of its affiliated colleges viz., K.J.SomayyaVidyavihar, Mumbai as Research Center.

3.1.3 What are the proactive mechanisms adopted by the University to facilitate the smooth implementation of research schemes/projects?

- All the faculty members are motivated for research by the hon'ble Vice Chancellor.
- The proposals of the faculty members are submitted to the Director, Board of Planning and Development and final approval is sought from the hon'ble Vice Chancellor.
- Proposals for minor research projects are submitted to the UGC regional office, Pune and
- Major research projects are submitted to the UGC office, New Delhi.

4.3 IT Infrastructure

There is a very good IT infrastructure available and used optimally by all the teaching and Non-teaching staff

4.3.1 Does the University have a comprehensive IT policy with regard to IT Service Management:-

Yes.

- To provide various IT Services on the campus (Website Development/ Maintenance, Software Development, Hardware Maintenance and Network related services),
- Technical Assistant, an in-service part time technician are appointed. Hardware and Network Experts are deployed through outsourcing.
- Various online services are provided through Third Party Engagements.
- The 1 GBPS connectivity under NKN (National Knowledge Network) Project of MHRD has been established on the campus.
- E-library services are managed through the Librarian working at Library.
- Laptops have been provided to Departments.
- Inter connectivity of computers is provided. There is new line with a computer lab sharing.

Information Security:-

- Cyber ROM Firewall for authentication of e-access on the internet.
- Information Security is ensured through Data preservation, multi-level securities through - Passwords.
- Information in the form of database is accessible to University/users through University websites and various portals.

Network Security: -

Network Security is ascertained through-

- Software and Hardware Firewall [Cyber ROM - Universal Threat Management (UTM)] is installed.
- Division of the University network into various sub-networks i.e. backbone network and departmental network are managed through 24 programmable managed gigabyte switches.
- Antivirus solutions are installed on individual machines.

- Access to wi-fi connectivity on the campus is based on registration and authentication.

Risk Management :-

Risk Management is achieved through preventive backup of data frequently.

Software Asset Management :-

- Licensed operating system for desktops/laptops and servers,
- Licensed Application software/Customized software packages.
- Antivirus solutions.
- Network management software.
- The deployment and trouble shooting of installed software / packages / operating systems are governed by IT Section.

Open Source Resources :-

Open Source Resources are used with following software-

- Database Server MySQL
- Web browser – Firefox, Google Chrome, Opera
- Application – Open Office, LATEX Editor, Text pad
- FTP Client – File Zilla Client
- Operating system-Linux (Ubuntu, CentOS)
- Content Management System (CMS)-Dotnet Nuke Community Edition, Joomla

Green Computing:-

The University is well aware of hazards of electronic wastage. The University periodically disposes the obsolete computing machinery, Xerox machines, UPS etc. in lieu of new machines. Use of star marked gadgets to reduce energy/power consumption. The University uses liquid crystal display (LCD monitors) rather than cathode-ray tube (CRT) monitors etc.

Dedicated computing facilities :-

Tower Server, Workstations, SOUL Server and Tally Server

Wifi facility :-

Wifi facility is available in University Ramtek and Nagpur campuses.

LAN facility :-

LAN connectivity is provided through OFC (optical fiber cable) and UTP cable to Departments, Library and administrative building on the campus.

The 1 Gbps connectivity under NKN (National Knowledge Network) Project of MHRD has been established on the campus.

Proprietary software :-

Number of nodes/ computers with internet facility:-

Total 70+ nodes are available with internet connectivity.

Besides this, 400+ nodes will be added in the network shortly under National Mission on Education through ICT (NMEICT) project.

Any other (please specify) :-

- i) CISCO based audio-video conferencing unit.
- ii) Biometric time attendance system.
- iii) Surveillance system on CCTV and DVR.

4.3.3 What are the institutional plans and strategies for deploying and upgrading the IT infrastructure and associated facilities?

- i) University has planned to upgrade the capacity of Campus Area Network (LAN) from current 70 nodes to 400 nodes by adding new nodes in the network under the NME-ICT LAN project by MHRD GoI and MHRD-TEQIP.
- ii) Development of Virtual Classroom Facility and Infrastructure.
- iii) University has also planned to implement the upgraded Wi-Fi in the University campus. Currently, the Wi-Fi facility has been implemented on pilot basis.
- iv) The University deploys/upgrades the IT infrastructure and associated facilities as per the academic requirements of the students. The University weeds out the obsolete systems and replaces the same with high end hardware. The University further plans to improve its computer: student ratio.
- v) Plans to digitization of old record.
- vi) Plans to digitization of manuscripts.

4.3.4 Give details on access to on-line teaching and learning resources and other knowledge and information database/packages provided to the staff and students for quality teaching, learning and research.

- i) Availability of Internet facilities to library users.
- ii) Web OPAC facility introduced to facilitate searching of bibliographic information of books through Internet.
- iii) Virtual Classroom facility through A-View software is being renewed.
- iv) Easy access to resources through open access system adopted by Library.
- v) User orientation programs are conducted by the Library.
- vi) Each teacher has been provided with the internet connectivity to access e-resources like e-books, e-journals, online lectures providing through audio-video conferencing system, online lectures videos, facility of

smart TV enabled with Skype has been established in University for video conferencing.

4.3.5 What are the new technologies deployed by the University in enhancing student learning and evaluation during the last four years and how do they meet new / future challenges?

Following new technologies have been deployed during the last 5 years for enhancing students learning and evaluation:

- i) Establishment of Campus-wide Area Network with Internet connectivity of 1 Gbps under NKN (National Knowledge Network) Project of MHRD for e-resource access.
- ii) Free access to e-journals, databases, lecture videos, A-View software and other online resources through INFLIBNET UGC-Infonet Digital Library Consortium.
- iii) Provided smart classrooms equipped with DLP projector, LED Smart TV, and other accessories in the University.
- iv) Well-furnished Computer Laboratory with Internet facility to the students.
- v) Installed 10 KVA x 2, 5 KVA x 2 Online UPS for uninterrupted power supply.
- vi) Installed 10 KVA and 5 KVA Solar panel units as a non-conventional energy resources.
- vii) Desktop Computers/lap tops, Printer, Scanner and Internet connectivity have been provided to each department.
- viii) Established Virtual Classroom facility through **A-view software** in the University.
- ix) Addition of specialist software such as –Web OPAC (SOUL 2.0), EDPS, Admission and Examination software developed by MKCL.
- x) Up-gradation of University Website in bilingual mode for the benefits of society.
- xi) Examination work (pre and post) for UG/PG courses through MKCL Digital University Portal.
- xii) Created *Video Conferencing facility* at University campus with the help of NMEICT 1 gbps connectivity and CISCO Systems.
- xiii) Provided *e-suvidha facility* under On-line Digital University Framework developed by MKCL to facilitate affiliated colleges and students.

- xiv) The necessary information to the students is sent through group message system.
- xv) Students whats App Groups are formed for easy communication.

4.3.6 What are the IT facilities available to individual teachers for effective teaching and quality research?

- i) A Desktop Computer, Printer, Scanner, Internet connectivity has been provided to each department. Further, the University has also provided laptops to Professors and Associate Professors and Statutory Officers.
- ii) The necessary software and software development tools have been provided for the preparation of lecture slides, reports, application software etc.
- iii) A Smart-classroom is equipped with DLP projector, LED Smart TV, and other accessories is provided to teachers.
- iv) The Faculty, research scholars and students have free access to e-journals, database, A-View software and other online resources through INFLIBNET UGC-Infonet Digital Library Consortium.

4.3.7 Give details of ICT-enabled classrooms/learning spaces available within the University? How are they utilized for enhancing the quality of teaching and learning?

- i) Latest teaching tools like Smart LED TV, DLP projectors, etc. are available for enhancing the quality of teaching and learning.
- ii) A Virtual Classroom through A-View is made available in the University.
- iii) The desktop computers and laptops are provided to Faculty members for teaching/ making presentations.
- iv) Use of ICT-enabled teaching methods has helped the Faculty members to make teaching more conceptual, interactive and effective.
- v) Smart classrooms enable the students across the campus to watch the special lectures and interact with renowned academia through video conferencing over Smart LED TV via Internet.

4.3.8 How are the Faculty assisted in preparing computer- aided teaching-learning materials? What are the facilities available in the University for such initiatives?

- i) The IT Section of the University assists the Faculty members who need help in preparing computer aided teaching-learning by providing the training and necessary software.
- ii) High bandwidth internet connectivity provides the way to collect and to prepare materials for teaching with online access to e-journals, e-books and education related websites with lecture videos.
- iii) By watching special lectures and interacting with renowned academia through virtual classrooms.

4.3.9 How are the computers and their accessories maintained?

- i) A proper procedure has been followed by the University to maintain the computers and their accessories. For the purchase of computers and accessories, the University invites the tenders by publishing an advertisement in the local, state level Newspapers and University Website. The University also asks the suppliers to quote the rates with comprehensive warranty for minimum period of 2-3 years, which ensures uninterrupted service for maintenance of computers up to the specified period. After expiry of warranty period, the Annual Maintenance Contract is made with manufacturers / distributors / other suppliers for the maintenance of computers and their accessories. The University purchases reputed brand computers in bulk.
- ii) The computers are protected from malicious programmes by installing suitable anti-virus software and uninterrupted power supply by installing UPS for longer life of the computers.

4.3.10 Does the University avail of the National Knowledge Network connectivity? If so, what are the services availed of?

Yes, the University avails 1 Gbps connectivity under National Knowledge Network (NKN) of MHRD. The OPAC SOUL service is provided in the Library over this connectivity to students and teachers.

4.3.11 Does the University avail of web resources such as Wikipedia, dictionary and other education enhancing resources? What are its policies in this regard?

- The University avails all valid web resources such as Wikipedia, online dictionary and other education enhancing resources. However, it denies access to social networking, online trading and other sites not suitable for educational environment with the help of cyber ROM firewall.
- The students and teachers are free to access these open resources through Internet, but they are personally responsible and accountable for all actions performed by them while using the University's Computer Network, mail facilities, web services and other technological services.

4.3.12 Provide details on the provision made in the annual budget for the update, deployment and maintenance of computers in the University.

The provision to update, deployment and maintenance of computers in annual budget of the last four years is shown in the following table:

Sr.No.	Year	(` in lacs)
1	2012-2013	7,75,000
2	2013-2014	8,00,000
3	2014-2015	10,00,000
4	2015-2016	11,00,000

The above figure reflects the provision made in the annual budget for the update, deployment and maintenance of all computers in the University.

4.3.13 What plans have been envisioned for the gradual transfer of teaching and learning from closed University information network to open environment?

The University has envisioned the following plans for the gradual transfer of teaching and learning from closed information network to open environment on the campus:

- i) The University plans to establish a separate University-Industry Linkage, which forms a bridge between the industry and academia to share their expertise with each other.
- ii) The study tours are organized regularly to provide practical knowledge on the newly developed technologies and opportunities available for career development.
- iii) The Virtual Classroom will be made available to facilitate the students and faculties exposure to the expertise available with the

National/International academia. This will help them to utilize the acquired knowledge to enrich their learning experience and lead to better research.

- iv) Access to IT resources - national/international e-journals and other online resources through INFLIBNET UGC-Infonet Digital Library Consortium helps research scholars and Faculty members to know the latest development in the subject concerned.

4.4 Maintenance of Campus Facilities

4.4.1 Does the University have an estate office / designated officer for overseeing the maintenance of buildings, class-rooms and laboratories? If yes, mention a few campus specific initiatives undertaken to improve the physical ambience.

Yes. Estate Section headed by Deputy Engineer is established and presently it is working with limited manpower. Need based facility will be made available for use through outsourcing. The Vasturachana Samiti as per the act is empowered to take decisions about the construction activity and to make necessary recommendations to the Management Council.

Services of skilled and experienced Architect are availed for this on consultancy basis.

Specific Initiatives

1. Statue of Mahakavi Kalidasa, Jnanayogi Dr. Shrikant Jichkar and Pt. Kavishwar got installed at Ramtek Campus signifying their contribution in their field and to the University.
2. Go Green project has been implemented and green parking shed is prepared at Ramtek Campus.
3. Greenery is being maintained around all statues at Ramtek.
4. A garden is being maintained near Guest house at Ramtek.

4.4.2 How are the infrastructure facilities, services and equipment maintained?

Give details.

The following facilities are available:

1	Building sanitation	For all the three campuses
2	Biometric method	For all the three campuses
3	Lift facility	fifth and sixth floor in NIT Building, Nagpur
4	Aquagaurd Water Facility	For all the three campuses
5	Tank cleaning facility	For all the three campuses
6	Sound system for University activities	Three units
7	LCD system	two units
8	Intercom maintenance	three units

CRITERION VI

GOVERNANCE, LEADERSHIP

AND

MANAGEMENT

CRITERION VI

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 Institutional Vision and Leadership

6.1.1 State the vision and the mission of the University

A. Vision:

- Kavikulaguru Kalidas Sanskrit University was established with the aim of development and promotion of Sanskrit, to achieve excellence in the field of preserving and promoting Indian culture.
- It aims at enhancing and imparting the Indian knowledge and wisdom and presenting research from our valuable ancient texts rich with knowledge.

B. Mission:

- Kavikulaguru Kalidas Sanskrit University Ramtek, Nagpur has been established to rejuvenate, cherish and disseminate the universal values, knowledge, wisdom and vision presented in Sanskrit language and literature and establishes a progressive synthesis between ancient Indian wisdom and modern scientific thought in harmony with the needs of present and future.
- Apart from higher studies in Sanskrit literature, the University is also committed to develop and promote a system of education which aims at refining human sensitivities and perceptions that contribute to national cohesion, a scientific temper and independence of mind and spirit with special emphasis on -
 - a. sublime relationship between the teacher and the taught (*Guru-Shishya Parampara* the noble Indian tradition indicative of a sense of deep gratitude and reverence towards *acharayas* who conferred the bliss of fulfillment on their disciples in pursuit of learning and in quest of Truth);
 - b. innovative methods of studies and experimentation in which true spirit of curiosity, search for knowledge (*Jijnasa*) and self-discipline (*Svayam-Shasana*) are fundamental components; and
 - c. development of faculties, not only of empirical and rational views but also of higher levels of consciousness that unifies the two.

To achieve this objective the University always strives hard:

- To encourage and promote innovation, research and discovery in all fields of Sanskrit learning which aims at linking the past with the present and enables the nation to meet the challenges of the future;
- To develop as a Light House to imbibe the integrated (holistic) vision of life through inter-disciplinary approach; and impart this vision to the teachers community and key-persons working in other fields for reawakening and regeneration of India;
- To prepare bands of Achary as imbued with wisdom and vision of the *vedas* who are equally well conversant with *shad-darshanas*, Western philosophy and modern 'science culture' to champion the cause of India's mission in the world;
- To create and develop facilities for the comparative study of religion, philosophy and sciences in the Vedic, Buddhist, Jain and *Avestan* literature;
- To prepare and conduct special courses to integrate the Ayurveda with modern medicine, the *Vastu Shastra* with modern architecture, the *Arthashastra* with modern economics and political science, the *Vyakarana* with modern philology and linguistics, and so on;
- To introduce and conduct a foundation course in Sanskrit for those who are desirous of learning Sanskrit; and design special courses like 'Communicative Sanskrit', 'Wit and wisdom in Sanskrit', , 'Arts and Architecture in Sanskrit', 'the Vedic vision', the Ayurveda and health awareness', 'Sanskrit as a computer language' etc. for popularizing Sanskrit language and literature;
- To provide facilities for advanced studies and research in Pali, Prakrit, Ardhamagadhi and other Indian classical languages; and also other classical world languages like Greek, Latin, Avestan, Old Persian, etc., and foreign languages like English, French, German, Russian, Chinese, Japanese, Tibetan, etc. and encourage comparative study of these languages along with Sanskrit;
- To promote better interaction and co-ordination among Sanskrit *Pathashalas* to make the study of traditional type of Sanskrit teaching and learning more purposeful, and to effect a fusion between traditional and modern system of Sanskrit education;
- To prepare and publish the learning-teaching materials (including audio-visual materials) relevant to the studies;

- To undertake projects, organize all such other activities and programmes as may be necessary for the attainment of all or any of the objectives of the University.

AND
BEST PRACTICES

CRITERION VII

INNOVATIONS AND BEST PRACTICES

7.1 Environmental Consciousness

7.1.1 Does the University conduct a Green Audit of its campus?

1. The University is conscious and active regarding the Green audit of the Campus. Some criteria for the green audit are being established and the expected activities under green audit are in process.

Usually, in selection of the site and while planning for a building construction, efforts are made considering the following points.

- (i) To maximize the conservation and utilization of natural resources viz., land, water, natural habitat, and also to be in a position to facilitate the conservation and enhance efficiency of the systems and operations.
 - (ii) To minimize the disruption of natural eco-system and design to harness maximum benefits of the prevailing micro-climate
 - (iii) Utmost care is being taken up in taking up any construction work, so as to protect the existing flora and fauna.
2. Efforts are under progress to establish a waste water treatment Plant.
 3. Different colours (two colors i.e., for Wet and Dry wastes) of dust bins for collection of different categories of wastes from the buildings
 4. Commitment to ensure Ground water and Municipal water to meet the waterquality norms as prescribed in the Indian standards for various applications (Reverse osmosis/ UV water purifiers are installed in all the Academic areas and office buildings including Guest house)
 5. Commitment towards zero exposure to Tobacco smoke in the entire campus
 6. Initiating Solar Energy Audit.
 7. Provision for green parking for 40 Two Wheelers and 10 Four Wheelers at Ramtek campus.

7.1.2 What are the initiatives taken by the University to make the campus eco-friendly?

Energy conservation

- (i) The students, Faculty and administrative staff are sensitized to use the electricity in conservative manner. Further, the purchase of computers and

electronic equipment, Air conditioners, refrigerators etc. with EEC compliance technology are recommended.

- (ii) The planning of buildings with wide windows for better lighting and good ventilation also helps in energy conservation to some extent.
- (iii) Boards with direction to switch off the light when not in use are placed.
- (iv) Usage of Fluorescent lights, CFL and LED lights all over the campus for conservation of energy.
- (v) Replacing of old Air Conditioners with Star rated units for saving of energy.
- (vi) Putting off the garden lights and other after evening every day to save energy.
- (vii) Paperless and less paper works are promoted by administration to save the paper.
- (viii) The NSS units and staff of the University are active in the process of making the campus clean by their sincere participation in the SWACH BHARAT Programme and planting the trees in the required areas to make the campus further greener as possible.

Use of renewable energy

Solar Energy is being used by installing solar electricity systems on the top of the administrative buildings and Guest House at Ramtek.

Water harvesting

Rain water harvesting pits are provided at all the buildings at Ramtek, to manage extra flow of rain and recharge the ground water sources.

The existing greenery of the campus also helps in reducing the runoff of the rain water in the campus.

Efforts for Carbon neutrality

1. Smoking is strictly prohibited in the campus in order to reduce pollution.
2. The entry to outside vehicle is restricted on the campus
3. Burning tree leaves and other waste wood is totally prohibited.
4. Owing to presence of large number of trees and green pastures the carbon dioxide released in the campus is being neutralized and the air pollution is reduced.
5. Due to maintenance of trees and gardens the health conditions and air pollution-control are maintained.

Plantation

Plantation of trees is continuously maintained by NSS Programmes. As this is traditional University, some traditional plants mentioned in ancient Sanskrit literature were also planted in campus like Saptaparni, Tulasi etc. The campus of the University is getting more and more greener.

Hazardous waste management

There is no Hazardous waste material available in the campus. Because there are no scientific departmental laboratories in the campus.

E-waste management

Old computers, printers, scanners and Xerox machines etc., which are obsolete and irreparable are kept in a separate room and they are disposed. Some of them are also disposed off on buy-back/exchange basis while purchasing new systems of the above stated categories.

7.2 Innovations

7.2.1 Give details of innovations introduced during the last four years which have created a positive impact on the functioning of the University.

- Several innovative programmes have been introduced during last five years in order to strengthen the academic and research activities of the University and to generate a more congenial atmosphere in its campus.

DEPARTMENT
OF
SANSKRIT SAHITYA AND BHASHA

DEPARTMENT OF SANSKRIT BHASHA TATHA SAHITYA

Sanskrit Bhasha tatha Sahitya is one of the major departments of our University, active since the inception of the University. B.A. Visharad (Sanskrit) and M.A. in Sahitya are very much in demand and almost double number of applications is received against the sanctioned seats for admission of the students. Considering the fact that general universities and affiliated colleges teach this subject, employment potential is more for students of Sanskrit Sahitya. Five students of the department have cleared the NET/SET examination. The teachers of the department have undertaken number of conferences, seminars and workshops. Cultural programmes, elocutions and debates are also organized by the Sanskrit Bhasha tatha Sahitya department. Department of Sanskrit Bhasha tatha Sahitya takes care of modern subjects like English. Students coming from Marathi or Hindi medium schools colleges are provided training on general spoken Sanskrit for wider knowledge. As our students, enrolled for shastraic studies at B.A. Visharad (Sanskrit) and M.A. in Sahitya are likely to go as cultural ambassadors, Sanskrit provides them better opportunities for interaction and cultural assimilation in modern society. Besides the routine teaching of Sanskrit as language, faculty members give special emphasis on vocational courses in Sanskrit. It regularly celebrates Sanskrit Saptaha and arranges various literary programmes for students. For new comers and beginners department has designed some basic diploma courses in Sanskrit like Aagama, Parichaya, Sadhana, Pravesha etc. This helps them a lot in adopting and learning Sanskrit language easily. These diploma courses are running successfully all over Maharashtra.

INTRODUCTION :

The Department of Vedang Jyotish of Kavikulaguru Kalidas Sanskrit University, Nagpur is established in the academic year 2009-10

Kavikulaguru Kalidas Sanskrit University, Nagpur started B.A. in Vedang Jyotish through its affiliated institution in the year 2000. Initially B.A. in Vedang Jyotish started at Triskandha Vedang Jyotish Mahavidyalaya, Nagpur. The University received very good response to the course then extended to Aurangabad, Nashik and Goa centers.

The course content of B.A. and M.A. is designed carefully it covers all three branches of Jyotisha i.e. Siddhant, Samhita, and Hora. This course contents are prepared to connect traditional Jyotish Shastra with the Modern developments in the Shastra. We teach contents from the original texts of Jyotish and also modern methods of Astrology like preparation of Kundali of any latitude and longitude in the world. Converting the Predictions said in the original texts as per the requirement of the Modern Society.

The Department is located in the central part of India it helps all the Astro lovers from four direction of India to communicate easily with the department.

From the Geological aspect Nagpur is a center of India because Zero Mile is located in Nagpur also from the Astronomical aspect Nagpur and Ramtek is located in the west side of "Vishu Vrutta". It is very near from Nagpur

AIMS AND OBJECTIVES:-

- To Propagate Sanskrit Literature in the modern world.
- To protect ancient Indian heritage.
- To convey authentic knowledge to the society.
- To make ancient Indian Shastra's relevant to the modern society.
- To clarify the doubts and misconception regarding Jyotish Shastra.
- To spread Jyotish Shastra and its significance in the masses.

1. University Introduction

The former Prime Minister of India, Hon'ble Shri P.V. Narasimha Rao who is a great scholar of Sanskrit, always insisted that Maharashtra has a great tradition of Sanskrit learning hence it should have an independent Sanskrit University. With his encouragement, late Chief Minister of Maharashtra Hon'ble Shri. Sudhakarraoji Naik took up the issue and appointed Dr. Shrikant Jichkar as one man committee to give a study report for establishing the Sanskrit University in Maharashtra. Dr. Jichkar prepared the study report and non- Formal University act for the establishment of Sanskrit University in Maharashtra.

The Govt. of Maharashtra took up the issue and appointed a committee comprising of Sanskrit scholars and other educationists. On the basis of the report of the committee the State Govt. established the Sanskrit University at Ramtek and named it as Kavikulaguru Kalidas Sanskrit University. The University was established on 18th September 1997. The place Ramtek, which is a township in Nagpur district, was selected because it is connected to the name of great poet of the world Kavikulaguru Kalidas. Dr. P. T. Chande, a well known academician and administrator was appointed by the Hon'ble Governor of Maharashtra as the first Vice Chancellor of this University.

The University is all entrusted to strengthen the infrastructure to provide more access, and retention of women students, differently-able students and students from socially deprived backgrounds.

University is well aware of the fact that Promotion of quality would be achieved through a focus on curricular reforms, better human resource management, high quality research, and technology-assisted teaching-learning mechanism. Hence, University is making all necessary efforts to achieve the target of promotion of quality.

Keeping eye on '*capacity building and capability enhancement*', the University is encouraging its faculty to improve and sharpen their teaching and research skills.

'KAVIKULAGURU KALIDAS SANSKRIT UNIVERSITY' is the first kind of University in Maharashtra and aims to set up a standard for others to look-upon as one of the pioneer institution and a pride to the state of Maharashtra particularly in the field of "Sanskrit". The objective of the University is to achieve excellence in the field of preserving and promoting Indian culture, enhancing and imparting the Indian knowledge & wisdom and research from our valuable ancient texts rich with knowledge, etc. Further the objective is to achieve excellence in such field of education, better understanding with interdisciplinary studies, research and to serve for human cause in the national interest. The University is not prototype but will distinguish in its own outstanding character. In view of above, the present land is inadequate, hence, the land is very much needed to enable the University to be self-sufficient to accommodate the entire requirement to achieve excellence in higher education and make it a model University.

The University is providing facilities for advanced studies and research in Indian Classical Languages and other International languages like German and is planning to introduce advanced studies and research in foreign languages like English, French, Russian, Japanese etc. to encourage comparative study of these languages along with Sanskrit. In addition to this, to rejuvenate cherish and disseminate the universal values, knowledge, wisdom and the vision presented in Sanskrit language & literature, to establish a progressive synthesis between ancient Indian wisdom & modern scientific thought in harmony with the needs of today and tomorrow and to present &

promote Indian Culture in the field of Ayurveda, Architecture, Meteorology, Agriculture, Yogashastra, Music, Arts, Languages, Education and Comparative Literature at International Level. Indian Higher Education system is well known for the creation of new Human resource having moral values, knowledge & wisdom through Indian Culture & Philosophy.

Vision:

Kavikulaguru Kalidas Sanskrit University was established with the aim of development and promotion of Sanskrit, to achieve excellence in the field of preserving and promoting Indian culture. It aims at enhancing and imparting the Indian knowledge & wisdom and presenting research from our valuable ancient texts rich with knowledge.

Mission:

Kavikulaguru Kalidas Sanskrit University Ramtek, Nagpur has been established to rejuvenate, cherish and disseminate the universal values, knowledge, wisdom and vision presented in Sanskrit language and literature and establishes a progressive synthesis between ancient Indian wisdom and modern scientific thought in harmony with the needs of today and tomorrow.

Apart from higher studies in Sanskrit literature, the University is also committed to develop and promote a system of education which aims at refining human sensitivities and perceptions that contribute to national cohesion, a scientific temper and independence of mind and spirit with special emphasis on -

- a. sublime relationship between the teacher and the taught (Guru-Shishya Parampara the noble Indian tradition indicative of a sense of deep gratitude and reverence towards acharayas who conferred the bliss of fulfilment on their disciples in pursuit of learning, in quest of Truth);
- b. innovative methods of studies and experimentation in which true spirit of curiosity, search for knowledge (jignyasa) and self-discipline (Svayam-Shasana) are fundamental components; and
- c. development of faculties, not only of empirical and rational views but also of higher levels of consciousness that unifies the two.

To achieve this objective the University always strives hard:

- To encourage and promote innovation, research and discovery in all fields of Sanskrit learning which aims at linking the past with the present and enables the nation to meet the challenges of the future;
- To develop as a Light House to imbibe the integrated (holistic) vision of life through inter-disciplinary approach; and impart this vision to the teachers community and key-persons working in other fields for reawakening and regeneration of India;
- To prepare bands of Achary as imbibed with wisdom and vision of the vedas who are equally well conversant with shad-darshanas, Western philosophy and modern 'science culture' to champion the cause of India's mission in the world;
- To create and develop facilities for the comparative study of religion, philosophy and sciences in the Vedic, Buddhist, Jain and Avestan literature;
- To prepare and conduct special courses to integrate the Ayurveda with modern medicine, the Vastu Shastra with modern architecture, the Arthashastra with modern economics and political science, the Vyakarana with modern philology and linguistics, and so on;
- To introduce and conduct a foundation course in Sanskrit for those who are desirous of learning Sanskrit; and design special courses like 'Communicative Sanskrit', 'Wit and wisdom in Sanskrit', 'Sweetness and Light in Sanskrit', 'Arts and Architecture in Sanskrit', 'the Vedic vision', the Ayurveda and health awareness', 'Sanskrit as a computer language' etc. for popularizing Sanskrit language and literature;
- To provide facilities for advanced studies and research in Pali, Prakrit, Ardhamagadhi and other Indian classical languages; and also other classical languages like Greek, Latin, Avestan, Old Persian, etc., and foreign languages like English, French, German, Russian, Chinese, Japanese, Tibetan, etc. and encourage comparative study of these languages along with Sanskrit;
- To promote better interaction and co-ordination among Sanskrit Pathashalas to make the study of traditional type of Sanskrit teaching and learning more purposeful, and to effect a fusion between traditional and modern system of Sanskrit education;
- To prepare and publish the learning-teaching materials (including audio-visual materials) relevant to the studies;

- To undertake projects, organize all such other activities and programmes as may be necessary for the attainment of all or any of the objectives of the University.

The vision and the mission of the University

A. Vision:

- Kavikulaguru Kalidas Sanskrit University was established with the aim of development and promotion of Sanskrit, to achieve excellence in the field of preserving and promoting Indian culture.
- It aims at enhancing and imparting the Indian knowledge & wisdom and presenting research from our valuable ancient texts rich with knowledge.

B. Mission:

- Kavikulaguru Kalidas Sanskrit University Ramtek, Nagpur has been established to rejuvenate, cherish and disseminate the universal values, knowledge, wisdom and vision presented in Sanskrit language and literature and establishes a progressive synthesis between ancient Indian wisdom and modern scientific thought in harmony with the needs of today and tomorrow.
- Apart from higher studies in Sanskrit literature, the University is also committed to develop and promote a system of education which aims at refining human sensitivities and perceptions that contribute to national cohesion, a scientific temper and independence of mind and spirit with special emphasis on -

- a. sublime relationship between the teacher and the taught (*Guru-Shishya Parampara* the noble Indian tradition indicative of a sense of deep gratitude and reverence towards *acharayas* who conferred the bliss of fulfillment on their disciples in pursuit of learning, in quest of Truth);
- b. innovative methods of studies and experimentation in which true spirit of curiosity, search for knowledge (*ignyasha*) and self-discipline (*Svayam-Shasana*) are fundamental components; and
- c. development of faculties, not only of empirical and rational views but also of higher levels of consciousness that unifies the two.

To achieve this objective the University always strives hard:

- To encourage and promote innovation, research and discovery in all fields of Sanskrit learning which aims at linking the past with the present and enables the nation to meet the challenges of the future;
- To develop as a Light House to imbibe the integrated (holistic) vision of life through inter-disciplinary approach; and impart this vision to the teachers community and key-persons working in other fields for reawakening and regeneration of India;
- To prepare bands of Achary as imbibed with wisdom and vision of the *vedas* who are equally well conversant with *shad-darshanas*, Western philosophy and modern 'science culture' to champion the cause of India's mission in the world;
- To create and develop facilities for the comparative study of religion, philosophy and sciences in the Vedic, Buddhist, Jain and *Avestan* literature;
- To prepare and conduct special courses to integrate the Ayurveda with modern medicine, the *Vastu Shastra* with modern architecture, the *Arthashastra* with modern economics and political science, the *Vyakarana* with modern philology and linguistics, and so on;
- To introduce and conduct a foundation course in Sanskrit for those who are desirous of learning Sanskrit; and design special courses like 'Communicative Sanskrit', 'Wit and wisdom in Sanskrit', 'Sweetness and Light in Sanskrit', 'Arts and Architecture in Sanskrit', 'the Vedic vision', the Ayurveda and health awareness', 'Sanskrit as a computer language' etc. for popularizing Sanskrit language and literature;

- To provide facilities for advanced studies and research in Pali, Prakrit, Ardhamagadhi and other Indian classical languages; and also other classical languages like Greek, Latin, Avestan, Old Persian, etc., and foreign languages like English, French, German, Russian, Chinese, Japanese, Tibetan, etc. and encourage comparative study of these languages along with Sanskrit;
- To promote better interaction and co-ordination among Sanskrit *Pathashalas* to make the study of traditional type of Sanskrit teaching and learning more purposeful, and to effect a fusion between traditional and modern system of Sanskrit education;
- To prepare and publish the learning-teaching materials (including audio-visual materials) relevant to the studies;
- To undertake projects, organize all such other activities and programmes as may be necessary for the attainment of all or any of the objectives of the University.

Does the University have a perspective plan for development? If yes, what aspects are considered in the development of policies and strategies?

- The University has adopted the following guiding principles for under-graduate and postgraduate New Colleges / New Programme / Courses / Additional Divisions in formulating the Perspective Plan.

Teaching and learning

Academic progress - Advanced courses and progressive latest syllabus and study materials are the key aspects. The pedagogy/ tutorial system is rammed sensing the importance of the concepts in the formulation of academic programme. The course structure is also framed in order to achieve the target of better teaching-learning orientation.

Evaluation-Evaluation is very important as the result of teaching-learning process is ascertained through this criterion. Both external and internal evaluation methods are adopted to assess a student in the rational objectives in an objective manner.

Skill development-Education is not just acquiring knowledge but equipping students to find a livelihood. A skill in a particular task is a necessary requirement to be achieved through teaching-learning process. As the University is oriented in the subjects of humanities, the skills in relation with human resources are the major thrust of the educational programme.

Research and Development

Quality- The maintenance of quality in research is the major objective of the University. Productive research work is the net gain in the balance sheet at the end.

Social Aptitude-University takes special care to encourage the scholars to opt for subjects of social significance.

Uniqueness-Scholars are guided to follow a unique path instead of traversing in a regular flow. Not just in the selection of subjects, the mode of data collection and analysis with a quest to illuminate the truth facts has been identified as a tool for a result oriented research.

Development-In support of research, various development works have been undertaken mostly in the University library and departments.

E. Community Engagement

- The University through its NSS units has been continuously engaged in community activities. The NSS units regularly visit the neighboring villages to clean the surrounding of the schools and *panchayat* buildings there.
- The University propagates Sanskrit language through spoken Sanskrit camps and various workshops.

F. Human Resource Planning and Development

- Various presentations, seminars, workshops etc are organized with a view to develop human resources of the research scholars.
- The University has always selected and recruited highly qualified people for teaching and non-teaching positions. The recruitment is done strictly according to the UGC rules in case of teaching positions.
- To develop the skills, the faculty members are encouraged to participate in Orientation programme, Refresher Courses and other training camps.
- By attending seminars, conferences, workshops at national and international level, the faculty enhance their teaching skills.
- By organizing seminars, conferences, symposia and meeting scholars of other institutions, the faculty, while improving their managerial skills, keeps abreast of the new developments in their fields.

G. Industry Interaction

- Industrial engagement in the normal sense of the terms does not apply for the University as it is a language University.
- Yet, people from industries often consult University's various departments such as *Agama* and *Jyothisha* for their various needs such as *Agama* rituals, *Muhurta Nirmaya* to start new ventures etc.
- Also, seeking the support and training from the University are Business Schools, for value based Management Principles as envisaged in ancient Sanskrit texts.

Training-in-Service School Teachers to teach Sanskrit (Sanskrit Shikshak Prashikshan)

It is a project of three months duration each, and is being undertaken by K.K. Sanskrit University (Maharashtra). So far University has trained five batches of 30 teachers each thereby making Sanskrit teachers available to nearly 70 schools. Two groups were trained in Akola and Four in the P.G. Department of the Sanskrit of this University.

Two teachers, from each school where Sanskrit is not a subject, are admitted as participants. Admitted teachers are those who are interested in Sanskrit teaching but are employed in the school for some other subject, under the Government grant scheme. They are

required to stay and attend the course. At the end of the course the participants is awarded a certificate after due examination, certifying that, the teacher is competent to teach Sanskrit subject up to the 10th standard (Matric).

A training for in service teachers was organised by the University from the funds received from HRD. In Maharashtra, there is no provision to appoint a teacher separately from Sanskrit and the Subject Sanskrit is generally given to any language teacher. This affects Sanskrit teaching. Therefore, this separate workshop was being organised to train non-Sanskrit teachers in Sanskrit. Hon'ble Vice Chancellor Dr. Pankaj Chande, presided over the function on 08-12-2004 at Nagpur. Shri. Vinayak Chaudhari was the Chief Guest and Dr. Nanda Puri co-ordinated the program.

2. Aavhan - 2008

"During human or natural calamities, each individual should prepare himself as a soldier to help others. There is an urgent need of this." The Hon'ble Chancellor of Maharashtra Universities Shri. Jameer had thus exhorted the NCC to prepare its cadets to become self sufficient, self reliant and self efficient. The young generation needs to be trained in this regards to assist people in calamities. With this objective, the Governor of Maharashtra had encouraged to organise a special training camp for the NCC cadets. The Sanskrit University had taken the initiation to organise. The program was called Aavhan and was organised by the University from 20-8-2008 to 31-8-2008.
